

English

This half term, we are focusing on The Beasts of Olympus by Lucy Coats. We are working on Mythical Stories, focusing on speech and exciting word choices.

In reading, we are using our new Mastery Reading approach to read this book. This involves reading aloud, book club and comprehension questions.

Topic

Children explore who the Ancient Greeks were, where they lived, and why their civilisation was so important. They learn about daily life, city-states like Athens and Sparta, and the origins of democracy. Pupils also enjoy discovering famous myths and legends, meeting characters such as Athena,

PE

We will be developing skills associated with hockey including push passing, dribbling, finding space, teamwork and attacking.

RE

We will explore the **Sikhi worldview** this half term.

Our Key Question will be: **What do Sikhs value?**

Maths: Place Value, Addition and Subtraction

- We will be exploring the place value of 4 and 5 digit numbers, rounding and adding and subtracting powers of 10.

Th	H	T	O
7	6	3	2

- We will use mental and formal written methods of addition and subtraction.

Year 4/5

Autumn Term 1 Ancient Greeks

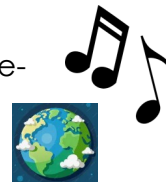

French

In French, we will be learning greetings. We will be focusing on saying hello and introducing ourselves.

Music

We will be learning the recorder. If you have your own, please bring it on Wednesdays.

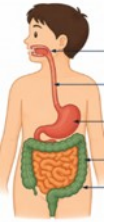

Swimming

Children will be swimming every Tuesday and will be working on skills appropriate to their current ability.

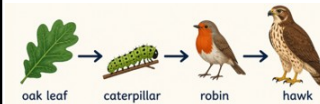

Science: Digestion, Teeth and Food Chains

- Exploring the digestive system and the different organs involved in the process.
- Identify the different types of human teeth and Investigate how to keep our teeth healthy.

- Explore food chains and consider what happens when parts of a food chain or food web are disturbed.

PSHE: Being Me in my World

We will learning how my actions affect the class team, roles in my school community, having a voice in school, democracy, helping create our Learning Charter and why it matters and empathy and behaviour.

Art

This Year 4/5 will be looking at Ancient Greek vases. We will be artists explore their bold shapes, repeating patterns, and mythological scenes to inspire their own designs.

Computing

The children are currently learning about how computers are connected and network. They will be talking about the internet and how it helps us connect worldwide.
